

# HEVER CASTLE GOLF CLUB

## **The Club with a Plan**

Over the years we have seen a stream of constant investment aimed at elevating the Course & Club facilities to compete with the best.

Here is an overview of some of the progress we have made and insights into the exciting plans we have for the future of the Club.

### **2019**

Completion of the Wellness Centre offering health & wellbeing services to members whilst contributing to the financial security of the Club

Completion of the Waterside Terrace offering members a wonderful environment to relax and soak up the atmosphere

Regeneration of the 6<sup>th</sup> hole, Championship Course, including bank support matching the 12<sup>th</sup> and planning for tee redevelopment

Purchase of over-seeding machine to allow turf regeneration in areas of low sward density and drought damaged areas of the course

Completion & Opening of new Tee Boxes on the 4<sup>th</sup>, 12<sup>th</sup> and 15<sup>th</sup>

### **2018**

New Tee Signage on all 27 holes including the naming of the holes

Purchase of 4 new Mowers and a Tractor

Tee Levelling program started including expansion & rebuild on the 4<sup>th</sup>, 12<sup>th</sup> and 15<sup>th</sup>

Environment Agency approval for the use of the 6<sup>th</sup> Princes pond as a water resource offering protection during drought

Redevelopment of the 12<sup>th</sup> eliminating water erosion for generations to come via the innovative use of piling & gabions

# HEVER CASTLE GOLF CLUB

## 2017

Addition of the SSS 69 Green Course offering an enjoyable challenge over the course at the classic 6,000 yard length popular at historic local courses

Drill & Fill introduced to annual greens maintenance. Confirmation that new greens program has seen a significant reduction in organic matter and improved drainage

Hever Business Centre open and fully let ensuring additional revenue stream for the Club

## 2016

Installation of Indoor Golf Studio including state of the art GC2 Launch Monitor and 3d Motion Plate

25% increase in Greenkeeping Staff

## 2015

Introduction of Intelligent Golf Members website enabling easy competition management and improved member communications

## 2014

Capital investment to acquire more new mowers  
Installation of carbon friendly Biomass Boiler system

## 2013

Purchase of Graden Sand Injection System and Blade Sharpening Machinery

Engagement of the Sports Turf Research Institute to assist in an extensive program of works aimed at Greens improvement & regeneration

## 2012

Increased Members Only Times

New Greenkeeping equipment purchased including 4 new mowers, Tractor and Excavator

# HEVER CASTLE GOLF CLUB

## 2011
