Introduction

Dating back to the 14th century, Hever Castle was once the childhood home of Anne Boleyn, second wife of Henry VIII and mother of Elizabeth I. This charming Castle in Kent formed the unlikely backdrop to a sequence of tumultuous events that changed the course of Britain's history, monarchy and religion forever.

Although Hever Castle has a rich and varied history, much of what you see today is the result of the remarkable efforts of a wealthy American, William Waldorf Astor, who used his fortune to restore and extend the Castle. In 1903 Astor set about restoring Hever Castle to its former glory and he added the Astor Wing, a private wing built in the style of a Tudor

village, connected to the Castle via a covered bridge. He also commissioned the installation of a 38 acre lake and created the beautiful Italian Garden, designed to display his collection of Italian sculptures.

Today, the Astor Wing, together with the Guthrie Pavilion in the Italian Garden and areas of the Castle itself, are available to hire for corporate hospitality and private events. Each venue has its own unique character, offering privacy, outstanding surrounds and top class service in one of the most historic and beautiful settings in England.

Corporate Hospitality

Only 40 minutes from Central London and 30 minutes from Gatwick Airport, Hever Castle offers two venues for corporate hospitality:

The Astor Wing: When William Waldorf Astor purchased the Castle in 1903, he created the Astor Wing, in the style of a Tudor Village connected to the Castle via a covered bridge. Internally connected throughout, the Astor Wing features beautiful oak panelling and leaded windows, with stunning views onto the surrounding private lawns. Facilities include an outdoor heated swimming pool, tennis court, croquet lawn and billiards room. Further information can be found on **page 4**.

The Guthrie Pavilion: a contemporary conference venue with a lake side location set within the award winning Italian Garden. Further information can be found on **page 7**.

During your time with us, play golf at Hever Castle Golf & Wellbeing, partake in motorised activities and outdoor pursuits in the grounds or simply enjoy the peace and tranquillity of this special place where you can meet with guaranteed privacy away from the city.

Corporate Hospitality is available for full day bookings with or without an overnight stay. We also offer the venue to clients who are looking for a venue for an evening only event.

ASTOR WING

Arrive at the private gated entrance and discover the Astor Wing, a charming Edwardian wing of Hever Castle, designed in Tudor style and commissioned by William Waldorf Astor in 1903. Craftsman used traditional Tudor tools in order to retain the authenticity of the Tudor era. The result is a series of beautiful interconnected Tudor style buildings joined to Hever Castle, offering magnificent oak panelling, ornate fireplaces, antique furnishings and an eclectic art collection. Today, the Astor Wing offers the potential for exclusive use hire in one of the most historic and beautiful settings in England.

The meeting rooms within the Astor Wing are referred to as the Tudor Suite, a series of three interconnecting panelled rooms to be used as determined by your requirements. The Tudor Suite provides

access to a private terrace and beautiful lawns with views over the Castle and moat, tennis court and the outdoor heated swimming pool.

There are two additional meeting rooms should you require syndicate facilities and a rather magnificent Billiards Room where delegates can relax and recharge. Also within the Astor Wing there is the Music Room offering sumptuous sofas for relaxation and a working fireplace. The splendour of the Castle Inner Hall can be incorporated into your event for evening drinks receptions and the Castle Dining Room for evening dinners. If your itinerary allows, there is the opportunity to incorporate a Private Guided Tour of the castle to fully engage with the history of Hever Castle.
